

# MainStream GS

*Increasing Performance, Sustaining Gains*

## Who We Are

MainStream Global Solutions is a veteran-owned small business management consulting firm whose passion is helping our customers increase performance and sustain gains in a culture of continuous improvement.

## What We Do For Our Customers

We increase performance and sustain gains for our customers by integrating strategy deployment, change management, technical tools, and industry best practices across four comprehensive solution areas:

<b>Strategy Alignment &amp; Deployment</b>	<b>Continuous Process Improvement</b>	<b>Information Technology Advisory</b>	<b>Program &amp; Project Management</b>
<b>Strategy Development</b> <b>Aligning Resources to Execute Strategy</b> <b>Establishing Metrics &amp; Governance</b> <b>Change Management &amp; Communications</b>	<b>CPI Facilitation &amp; Problem Solving</b> <b>Leader Standard Work</b> <b>Leadership Coaching &amp; Mentoring</b> <b>Safety &amp; Health (VPP) Consulting</b>	<b>IT Business Process Re-Engineering</b> <b>IT Business Strategy Alignment</b> <b>IT Project Management</b> <b>Independent IT Assessments</b>	<b>Portfolio Management &amp; Project Delivery</b> <b>Safety &amp; Health (VPP) Program Management</b> <b>Energy Audits / Green Consulting</b> <b>Business Case Analysis</b>

*Increasing Performance, Sustaining Gains*

## Why MainStream

When we asked our customers why they chose MainStream and why they would work with us again, they said it was because of:

1. Our unique approach of linking strategy deployment with change management to drive sustainable results
2. The passion, experience (an average of over 20 years of industry experience), and expertise of our people
3. Our focus on knowledge transfer and a sunset plan aligned with their need to become self sufficient

## Increasing Performance, Sustaining Gains

We are proud to have supported our customers in achieving and sustaining breakthrough results for over ten years. Our focus on enterprise strategy deployment along with a persistent underlying change management approach yields a culture of continuous improvement aligned to our customer's strategic plans.

### U.S. Air Force

Aligned and deployed strategy across global enterprise. Leveraged Lean Six Sigma tools with an embedded cultural change management approach to anchor improvements:

- Eliminated redundant travel saving over \$42M in annual fuel costs
- Reduced non-mission capable time by 87%
- Increased aircraft availability by over 500 days annually

### U.S. Army

Enterprise Lean Six Sigma deployment linked to Commander's strategic intent. Improvements realized in weapons system utilization, warfighter decision making, and soldier morale:

- Increased aircraft utilization by 17%
- Reduced R&R transit time from theater by 50%
- Improved the accountability and accuracy of tracking soldiers in the theater
