2013 Marks MainStream Global Solutions' 10th Anniversary

MainStream is proud to celebrate ten years of increasing performance and sustaining gains for customers

BETHESDA, MD (July 10, 2013) – MainStream Global Solutions, LLC (“MainStream”), a global management consulting firm, is celebrating the Company’s 10th anniversary. Since MainStream’s initial engagement in 2003 with the United States Air Force, MainStream has focused on facilitating public and private sector organizations increase performance and sustain gains. MainStream utilizes an unique blend of strategy alignment and deployment, and continuous process improvement (Lean & Six Sigma) expertise combined with cultural change program management and IT skills to guide public and private sector leaders who manage mission critical environments. Present day, MainStream offers a proven track record with over 70 successfully delivered projects across the public and private sectors, combined with a focus on knowledge transfer to enable our customers to become self sufficient over time.

“We are proud to mark a decade of helping our clients increase performance and sustain gains, their success is our focus and passion,” said MainStream President, Alan J. Horowitz.

###
