MainStream Global Solutions' Services Available through GSA 8(a) Stars II

Alliance with Diamond Information Systems Provides Easy Government-Wide Access to Services

BETHESDA, MD (November 11, 2014) – MainStream Global Solutions, LLC (“MainStream”), a global management-consulting firm, announced a Strategic Alliance with Diamond Information Systems (“Diamond”) to provide performance focused consulting through the Government Wide GSA 8(a) Stars II contract. 8(a) STARS II, a small business set-aside GWAC, provides flexible access to customized IT solutions from a large, diverse pool of 8(a) industry partners. With a \$10 billion program ceiling and a five-year base period with one five-year option, 8(a) STARS II allows for long-term planning of large-scale program requirements while strengthening opportunities for 8(a) small businesses.

Diamond’s mission is to provide ‘best value’ to their clients by delivering a strategic combination of people, processes, and technology. All government agencies are able to get direct award access to Diamond and MainStream through Diamond’s 8(a) Stars II contract on Constellations 1 and 2, in Functional Areas 1 and 2. See <http://www.gsa.gov/portal/content/105243> for more information about the 8(a) Stars II contract.

“This strategic alliance will provide a best of breed team and streamlined contracting access for our clients. We are thrilled to be aligned with Diamond and have worked closely with them over the last several years,” said MainStream GS President, Alan J. Horowitz.

“At Diamond we pride ourselves on providing best value to our IT services clients. MainStream’s performance-based consulting can help our clients improve their performance at reduced costs,” said Diamond’s Vice President, Raghav Prasad.
