### **GSA Extends MainStream GS, LLC's MOBIS Schedule for Five Years**

*MainStream is Re-Designated as a Small Business under NAICS 541611*

**BETHESDA, MD (August 1, 2013)** – MainStream Global Solutions, LLC (“MainStream”), a global management consulting firm, announced that the General Services Administration (GSA) has exercised Option Period 1 of the Company’s GSA Mission Oriented Business Integrated Services (MOBIS) schedule. The company’s original GSA MOBIS schedule is effective from July 28, 2008 through July 27, 2013 and Option Period 1 runs from July 28, 2013 through July 27, 2018. In addition, per GSA Modification PS-0009 dated 01 April 2013, MainStream was redesigned as a Small Business under its primary North American Industry Classification System (NAICS) of NAICS 541611: Administrative Management and General Management Consulting Services.

MainStream’s contracted awarded items include Special Item Numbers (SINs) 874-1: Integrated Consulting Services and 874-7: Integrated Business Program Support Services as well as Recovery Purchasing SINS 874-1RC and 874-7RC. MainStream holds nine (9) approved labor categories that are available in all of the awarded SINs. Labor categories include Program Management, Project Manager, Consultant Level 3, Consultant Level 2, Consultant Level 1, Sr. Program Analyst, Program Analyst, Analyst, and Administrative Assistant.

“This is great news for all of our customers and our company. GSA MOBIS has proven to be a flexible and efficient contracting tool for our Federal customers. Having our GSA MOBIS Schedule re-designated as a Small Business contract is a big win for our customers who are seeking highly qualified consulting firms that can deliver results and provide an opportunity to receive Small Business credit,” said MainStream President, Alan J. Horowitz.

###

### **About MainStream Global Solutions, LLC**

MainStream is a SBA certified small business management-consulting firm with a mission of assisting customers by increasing performance and sustaining gains. This mission is accomplished by integrating change management, technical tools, and industry best practices.
