### **Driving Strategy to Execution Using Lean Six Sigma** *A Framework for Creating High Performance Organizations*

**BETHESDA, MD (July 12, 2012)** – MainStream Global Solutions, LLC (“MainStream”), a veteran-owned SBA certified small business management-consulting firm, announced the release of *Driving Strategy to Execution Using Lean Six Sigma: A Framework for Creating High Performance Organizations* co-authored by Gerhard Plenert, former senior management consultant, and Tom Cluley, Chief Operations Partner at MainStream. Mr. Cluley has over 35 years of experience of transforming organizations into highly efficient operations through strategy deployment, process improvement and organization development. He utilizes a unique blend of technical and organizational tools and methodologies to provide solutions beyond the traditional scope of Lean process improvement professionals. Mr. Plenert has over 25 years of professional experience in strategy and change management consulting, including work on Lean and six sigma methods.

*Driving Strategy to Execution Using Lean Six Sigma* details a framework for leveraging an organization’s Lean Six Sigma capabilities in a manner that drives their strategic plans to execution by linking their strategy deployment into the fabric of their day-to-day operations. Bolstered by real-world examples of successful strategy execution, leveraging, and Six Sigma, *Driving Strategy to Execution Using Lean Six Sigma* focuses on how to build great strategies and includes examples of what makes them great. The book demonstrates how a well-developed strategy generates excitement within an organization, offering the tools to navigate and design a workable and achievable plan for success in an organization.

*Driving Strategy to Execution Using Lean Six Sigma* is available on Amazon.com by clicking [here](#). ISBN: 1439867135, 247 pp., Hardback, \$53.81.
